ANNEX 1

Call for Participants

The Academy 2023 Wiesbaden, Germany, 14 - 19 November 2023

What is The Academy?

The Academy is a unique Scout and Guide event designed to provide participants with high quality training and networking opportunities around the core priorities of the WAGGGS and WOSM European Regions.

Who should attend The Academy?

The event is open to everyone holding a position at National or regional levels in any of our Associations, from members of national teams to Chief Commissioners.

What are the topics at The Academy?

Participants will be able to choose from the four different learning paths mentioned below. We would like to encourage participants to choose from a variety of sessions per day, composing their own training plan to match their position and particular needs. A broad range of sessions dealing with different areas of work will be offered simultaneously, with enough on offer to make the event interesting for everyone.

Symbolic framework

Play, Plan, Grow!

The world around us is changing quickly, especially after the pandemic, the war in Ukraine, the environmental crisis and the mental health crisis. Scouts and Guides have a special opportunity to support young people, adults and communities tackling these challenges whilst also bringing the fun. This is the focus of Academy 2023.

The Academy is designed to allow participants the opportunity to choose their learning path according to their personal and own organisation's needs.

There will be 4 main learning paths available:

- **Nurture** - how can we support our members in developing a strong mental health that will help them adapt to current events, how can organisations support the climate crisis combat, operate environmentally and strive towards a sustainable future
- **Enhance** - how can we make sure our organisations have the right toolkits, skills and knowledge to thrive in the world today.
- **Innovation** - how can we provide fresh, quality programmes and utilise new digital technologies
- **Voice** - how do we make sure that young people in our organisations are heard at all levels, empowered to speak out and develop into strong leaders

A detailed description of each session, providing goals, objectives and expected outcomes, will be published on the website in the beginning of October 2023.

Additionally, it is possible for participants to offer informal sharing sessions to tell others of major innovations and successes that would be of benefit to others.

How to register for The Academy?

The registration is open until 10th of October 2023, and you can register online on [The Academy website](#). Make sure you have already shared with your International Commissioner that you have applied for being an Academy participant. Together with your registration, please send us your International Commissioner's approval.
